## 'Braemar' Caribbean update 03.03.20

Fred. Olsen Cruise Lines can confirm that guests who were aboard its ship *Braemar*, as part of the 'Eastern Caribbean' fly-cruise, arrived back in the UK yesterday, Monday 2<sup>nd</sup> March 2020, on two chartered flights from St Maarten.

Guests from La Romana, Dominican Republic are now safely on board *Braemar*, and are due to arrive in Port Royal, Jamaica tomorrow, Wednesday 4th March 2020. From there, *Braemar* will continue to Puerto Limón, Costa Rica, Colon, Panama, Cartegena de Indias, Columbia, Willemstad, Curacao, and Bridgetown, Barbados, from where guests will depart on 12<sup>th</sup> March 2020.

We would like to thank all of our guests for their co-operation, understanding and patience during this challenging time.

On 27<sup>th</sup> February 2020, *Braemar* was unable to begin disembarkation operations in La Romana. We believe that this was as a result of a small number of influenza-like cases on board.

No guests or crew are, or have been, displaying symptoms that are considered to be consistent with those of Coronavirus.

The safety and well-being of all our guests and crew is our number one priority and we are monitoring closely the developing COVID-19 Novel Coronavirus situation and taking the latest advice from the Foreign and Commonwealth Office and World Health Organisation, as well as Public Health England and CLIA.

As a precautionary measure, for some time Fred. Olsen has been operating a raised level of sanitisation across its fleet, in addition to health questionnaires and non-invasive screening measures for guests embarking and re-joining the ship from overland tours, and for ship visitors.

Fred. Olsen's cruise ships meet, at all times, the highest safety, hygiene and health standards.
